

# **LIBERTY DOLLAR FIFTH ANNIVERSARY PARTY IN AUSTIN, TX**

## **September 19<sup>th</sup>, 2003**

Friends,

They said it wouldn't work. They said it wouldn't last a month. They said it wasn't legal. They said nobody would use it. They were wrong!

Five years after its launch, NORFED's Liberty Dollar is the second most popular and fastest-growing currency in America, used by nearly 100,000 people, and closing in on \$5 million in circulation! The bottom line: it does work, it is legal, and people are using the Liberty Dollar!

So we're celebrating its fifth birthday. Five years of providing real money. Five years of growth. Five years of fun. And you're invited.

Join us for the FIFTH ANNIVERSARY PARTY & BOOK RELEASE in downtown Austin, Texas on October 1, 2003: the fifth anniversary of the Liberty Dollar and the release date for the brand-new Liberty Dollar book! Food, friends, music, prizes, and a few surprises!
